

FAR EAST FAME LINE DDB PUBLIC COMPANY LIMITED

CONSOLIDATED AND SEPARATE

FINANCIAL STATEMENTS

DECEMBER 31, 2025

AUDITOR'S REPORT

To The Shareholders of Far East Fame Line DDB Public Company Limited

Opinion

I have audited the consolidated financial statements of Far East Fame Line DDB Public Company Limited and its subsidiaries, which comprise the consolidated statements of financial position as at December 31, 2025, the related consolidated statements of income, comprehensive income, changes in shareholders' equity and cash flows for the year then ended, and notes to the consolidated financial statements, including material accounting policies information, and have also audited the separate financial statements of Far East Fame Line DDB Public Company Limited for the same period.

In my opinions, the financial statements referred to above present fairly, in all material respects, the financial position of Far East Fame Line DDB Public Company Limited and its subsidiaries and of Far East Fame Line DDB Public Company Limited as at December 31, 2025, their financial performance and cash flows for the year then ended in accordance with Thai Financial Reporting Standards.

Basis for Opinion

I conducted my audit in accordance with Thai Standards on Auditing. My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of my report. I am independent of the Group in accordance with the Code of Ethics for Professional Accountants including Independence Standards issued by the Federation of Accounting Professions (Code of Ethics for Professional Accountants) that are relevant to my audit of the financial statements, and I have fulfilled my other ethical responsibilities in accordance with the Code of Ethics for Professional Accountants. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Key Audit Matters

Key audit matters are those matters that, in my professional judgment, were of most significance in my audit of the financial statements of the current period. These matters were addressed in the context of my audit of the financial statements as a whole, and in forming my opinion thereon, and I do not provide a separate opinion on these matters.

Transactions with related parties

The Group has transactions with several related parties, which were disclosed in Note 20 to the financial statements. The Group must determine how to gather information to be disclosed in the notes to the financial statements are complete and accurate. The pricing policy is based on the trading price of normal business.

My audit procedures included evaluating and testing of control and effectiveness of the internal control system and collect information about transactions with related parties. I randomly checked transactions with related parties by inspection report transactions with related parties. I have audited the types of relationships with related parties, the documentation for the accounting recorded of income and expenses from related parties, the Company's accounting policy in setting trading price and comparative analysis of unusual items.

The results of audited are satisfactory, and in my opinions, I did not find unusual items that are material misstatement.

Value of other non-current financial assets - non-marketable securities

As at December 31, 2025, the consolidated and the separate financial statements have other non-current financial assets - non-marketable securities - fair value of Baht 176.60 million, according to Note 7.3 to the financial statements which is significant item in the financial statements. The fair value measurement of other non-current financial assets - non-marketable securities are estimated using valuation techniques appropriate for each situation. Also, make the most of observable information relevant to the fair value measurement. Such estimation requires management of judgment including estimate future cash flows which will be received.

I have understanding the process of consideration of the management, including assessing the method and the appropriateness of the information used in the fair value measurement of other non-current financial assets - non-marketable securities e.g. estimate of revenues and expenses, revenue growth rates etc.

The results of audited are satisfactory, and in my opinions, I did not find unusual items that are material misstatement.

Other Information

Management is responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements and my auditor's report thereon. The annual report of the Group is expected to be made available to me after the date of this auditor's report.

My opinion on the financial statements does not cover the other information and I do not express any form of assurance conclusion thereon.

In connection with my audit of the financial statements, my responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or my knowledge obtained in the audit or otherwise appears to be materially misstated.

When I read the annual report, if I conclude that there is a material misstatement therein, I am required to communicate the matter to those charged with governance for correction of the misstatement.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with Thai Financial Reporting Standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Group's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Thai Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Thai Standards on Auditing, I exercise professional judgement and maintain professional skepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. I am responsible for the direction, supervision and performance of the group audit. I remain solely responsible for my audit opinion.

I communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during my audit.

I also provide those charged with governance with a statement that I have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on my independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, I determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. I describe these matters in my auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, I determine that a matter should not be communicated in my report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

(Mr. Apiruk Atianuwat)

2.5 Accounting standards that became effective in the current year

The Group has adopted the revised financial reporting standards which are effective for fiscal years beginning on or after January 1, 2025. These financial reporting standards were aimed at alignment with the corresponding International Financial Reporting Standards with most of the changes directed towards clarifying accounting treatment and providing accounting guidance for users of the standards.

The adoption of these financial reporting standards does not have any significant impact on the financial statements of the Group.

2.6 Financial reporting standard that will become effective for fiscal years beginning on or after January 1, 2026.

The Federation of Accounting Professions issued a number of revised financial reporting standards, which are effective for fiscal years beginning on or after January 1, 2026. These financial reporting standards were aimed at alignment with the corresponding International Financial Reporting Standards with most of the changes directed towards clarifying accounting treatment and providing accounting guidance for users of the standards.

The management of the Group is currently in process of evaluating the plan to be executed and considering the impact of these standards on the financial statements in the year when they are adopted.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

3.1 Revenues and expenses recognition

The Company recognized revenues and expenses from the following bases :

Revenue from rendering of services and commissions	- Recognized when the services have been rendered.
Revenue from services in production	- Recognized when the services are completed and control transferred.
Dividend income	- Recognized when the shareholder's right to receive is established.
Rental income	- Recognized over the lease period.
Other income	- Recognized on the accrual basis.
Interest income	- Recognized on the accrual basis based on effective interest rate.
Expenses	- Recognized on the accrual basis.

3.2 Cash and cash equivalents

Cash and cash equivalents are cash on hand, fixed deposits at financial institutions due not more than 3 months from the date of acquisition with no obligation.

3.3 Financial instruments

Measurement

- Financial assets that are investments in Open-end Fund and Private Fund are measured at fair value through profit or loss.

- Financial assets that are marketable securities are measured at fair value through other comprehensive income.

- Financial assets that are non-marketable securities are measured at fair value through other comprehensive income.

Impairment

- The Group applies a simplified approach in calculating ECLs for trade receivables. Therefore, the Group recognises a loss allowance based on lifetime ECLs at each reporting date. It is based on its historical credit loss experience and adjusted for forward-looking factors specific to the debtors and the economic environment.

3.4 Advertising-in-progress

Cost of work, which is not yet recognized as revenues, is recorded in advertising in progress which will be recognized to cost whenever the services are completed and control transferred.

3.5 Investments in associate and subsidiaries

Associates mean those companies in which the parent in the Group has shareholding from 20% to 50% of the total voting rights or has significant influence over the associates, that is the parent in the Group has power to participate in determining relating to the financial and operating policies of the enterprise but not up to the level of governing such policies. Investments in associate stated by equity method for consolidation and cost method for the separate financial statements.

Subsidiaries mean those companies in which the parent in the Group, directly or indirectly, has power more than one half of the total voting rights or power to govern the financial and operating policies of subsidiaries. Investments in subsidiaries in the separate financial statements are stated at cost after deduction of provision for diminution in investments.

3.6 Property, plant and equipment

Property, plant and equipment are stated at cost. Plant and equipment are stated at acquisition cost less accumulated depreciation.

Depreciation is calculated by the straight-line method based on the estimated useful life of the following assets:

	<u>Years</u>
Building and building improvement	20
Office furniture, fixtures and equipment	5
Motor vehicles	5

Expenditures for additions, renewals or betterments which affected the significant increment in value of assets will be capitalized, considered as capital expenditures. Regarding repair and maintenance costs are recognized as expenses during the accounting periods when incurred.

3.7 Leases

Right-of-use assets

The Group recognizes right-of-use assets at the commencement date of the lease. Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, the recognized right-of-use assets are depreciated on a straight-line basis from the commencement date of the lease to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term.

Lease liabilities

At the commencement date of the lease, the Group recognizes lease liabilities measured at the present value of the lease payments to be made over the lease term, discounted by the interest rate implicit in the lease or the Group's incremental borrowing rate.

Short-term leases and leases of low-value assets

Payments under leases that, have a lease term of 12 months or less at the commencement date, or are leases of low-value assets, are recognized as expenses on a straight-line basis over the lease term.

3.8 Employee benefits

Short-term employee benefits

The Company and its subsidiaries recognized salaries, wages, bonuses and contributions to the social security fund as expenses when incurred.

Long-term employee benefits

Defined contribution plan

The Company and its subsidiaries provide a provident fund, which is a defined contribution plan, the assets of which are held in a separate trust fund and managed by the external fund manager. Such provident fund is contributed by payments from employees and the Company. Contributions to the provident fund are charged to the statements of income in the incurred period.

Defined benefit plan

The provision for employee retirement benefits is recognized as an expense of operations over the employee's service period. It is calculated by estimating the amount of future benefit earned by employees in return for service provided to the Company in the current and future periods, with such benefit being discounted to determine the present value. The reference point for setting the discount rate is the yield rate of government bonds as at the reporting date. The calculation is performed by a qualified actuary using the Projected Unit Credit Method.

3.9 Deferred tax assets/liabilities

Deferred tax assets/liabilities are recognized for temporary differences arising between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes as at the statements of financial position date. They will be realised in future period when the income is realised, or the expenses provided for are actually incurred and considered deductible for income tax purposes.

Deferred tax assets are recognized for deductible temporary differences or additional tax are deferred tax liabilities if it is highly probable that the Company will generate sufficient taxable profits from its future operations to utilise these assets.

As each statements of financial position date, the Company reviews and reduces the carrying amount of deferred tax assets/liabilities to the extent that it is no longer probable that sufficient taxable profit be available to allow all or part of the deferred tax assets or deferred tax liabilities to be utilised.

3.10 Share-based payment transactions

Granting right to equity securities purchase to employees or individuals is considered share-based payment transaction when it does not appear that the right to equity securities purchase has an objective other than a payment for goods or services provided to the Company. The Company will record the difference between fair value and purchase price of

equity securities at the date on which the options are granted as expenses in statements of income, and recorded a capital reserve for share-based payment transactions presented in shareholders' equity.

3.11 Income tax expenses

Income tax expenses from profit/loss for the year consist of current income tax and deferred tax. Income tax expenses recognized in statements of income unless part of transaction recorded in shareholders' equity recorded directly to equity.

3.12 Earnings per share

Basic earnings per share is calculated by dividing profit for the year with the number of common stocks held by outsiders by the weighted average method.

3.13 Foreign currency transactions

Foreign currency transactions incurred during the year are recorded in Baht at the rate ruling on the date of transactions. Outstanding foreign currency assets and liabilities on the statements of financial position date are converted to Baht at the rate of exchange in effect on that date.

Gains or losses on exchange rate fluctuation are credited or charged to operations during the year.

For preparation of the consolidated financial statements, the financial statements of the associate denominated in foreign currencies are converted to Baht based on the following exchange rates:

- Assets and liabilities were translated by the average exchange rates at the end of the year.
- Shareholders' equity and depreciation were translated by the exchange rate in effect on the transaction dates.
- Revenues and expenses were translated by the average exchange rates for the year.

The translation of financial statement differences in foreign currencies was shown under other comprehensive income.

3.14 Provisions

Provisions are recognised when the Group has a present obligation as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

3.15 Fair value measurement

Fair value is the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Group applies a quoted market price in an active market to measure their assets and liabilities that are required to be measured at fair value by relevant financial reporting standards. Except in case of no active market of an identical asset or liability or when a quoted market price is not available, the Group measures fair value using valuation technique that are appropriate in the circumstances and maximizes the use of relevant observable inputs related to assets and liabilities that are required to be measured at fair value.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy into three levels based on categorize of input to be used in fair value measurement as follows:

Level 1 - Use of quoted market prices in an active market for such assets or liabilities

Level 2 - Use of other observable inputs for such assets or liabilities, whether directly or indirectly

Level 3 - Use of unobservable inputs such as estimates of future cash flows

At the end of each reporting period, the Group determines whether transfers have occurred between levels within the fair value hierarchy for assets and liabilities held at the end of the reporting period that are measured at fair value on a recurring basis.

The carrying amount of cash and cash equivalents, other current financial assets, trade receivables, amounts due from related parties, trade payables, accounts payable-plant and equipment, amounts due to related parties are assumed to approximate their fair value due to the short maturities of these instruments.

3.16 Significant accounting judgments and estimates

In preparation of financial statements in accordance with generally accepted accounting principles requires management to use judgments on various estimates and assumptions that will affect the reported amounts of revenues, expenses, assets and liabilities including the disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Estimates and assumptions are continually evaluated and based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. The Company makes estimates and assumptions concerning the future. The resulting accounting estimates will, by definition, seldom equal the related actual results. The estimates and assumptions of significant accounting relate primarily to allowance

for expected credit losses, allowance for measuring of other current financial assets, allowance for measuring of marketable securities, allowance for loss on capital decrease, allowance for measuring of non-marketable securities, depreciation of plant and equipment, deferred tax assets or liabilities and non-current provisions for employee benefits. All other estimates mentioned above are further disclosed in the corresponding notes to the financial statements.
